Innovazione e tradizione per il massimo comfort

Innovation and tradition to ensure maximum comfort

Vivere al massimo livello del comfort lo spazio esterno e garantire un totale relax: questo è da sempre l'obiettivo del design Red. Una costante attenzione è dedicata alla scelta dei materiali e dei tessuti, selezionati per le loro qualità tecniche e lavorati attraverso tecnologie innovative. A completare il processo interviene la cura di personale altamente specializzato, che rifinisce ogni dettaglio con precisione ed esperienza, conferendo ai prodotti un carattere distintivo e un'elevata qualità estetica. La funzionalità si accompagna naturalmente all'eleganza, dando vita a prodotti in cui praticità e raffinatezza convivono in perfetto equilibrio. Le soluzioni sono studiate per garantire il massimo del confort e risultare solide e funzionali in rapporto agli specifici scenari di utilizzo.

Enjoying outdoor spaces in maximum comfort and ensuring total relaxation: this has always been the goal of Red design. Constant attention is paid to the choice of materials and fabrics, selected for their technical qualities and crafted using innovative technologies. The process is completed by the care of highly specialized personnel, who refine every detail with precision and experience, giving the products a distinctive character and high aesthetic quality. Functionality naturally goes hand in hand with elegance, resulting in products where practicality and refinement coexist in perfect balance. Wood and aluminum solutions are designed to ensure maximum ergonomics and be solid and functional for specific usage scenarios.

Sedute, ombrelloni, collezioni regista e tavoli sono alcuni dei prodotti realizzati dall'azienda in quattro decenni di attività e oggi presenti nelle navi da crociera, nei resort e hotel di lusso, nei beach club, nei centri wellness e impianti sportivi.
